

If you own an IMC 6000 Lathe and would like to take advantage of an awesome deal, we are offering a special on our IMC 8002 Lathe Upgrade Kit! The current selling price of our upgrade kit is \$1,800.00 and we are offering it to all IMC 6000 Lathe owners at a reduced price of **\$ 1,300.00 until the end of March**. All you need to do is ship your lathe to us and we will apply the kit for you. This conversion for the **IMC 6000** will provide you with virtually a new lathe at a fraction of the cost. Look at the pictures below and decide for yourself. The photos below are before and after pictures of an upgrade that one of our customers recently took advantage of and a photo of what is included in the upgrade kit. **NOTE: if restoration on your lathe is necessary, it can be done for an additional charge.**

Also until the end of March, we are offering **10% off on our Lathe Training Classes**. After completion of the class, a "Certificate of Completion" will be issued to the employees involved in taking the class.

To purchase the upgrade kit or to inquire about our Lathe Training Classes, please feel free to contact us. We look forward to hearing from you!
